They did a great job. They were very responsive, it was the owner that I spoke with. They power washed the house - stone steps, decks, furniture, and siding.

Credits Lower Electric Bill

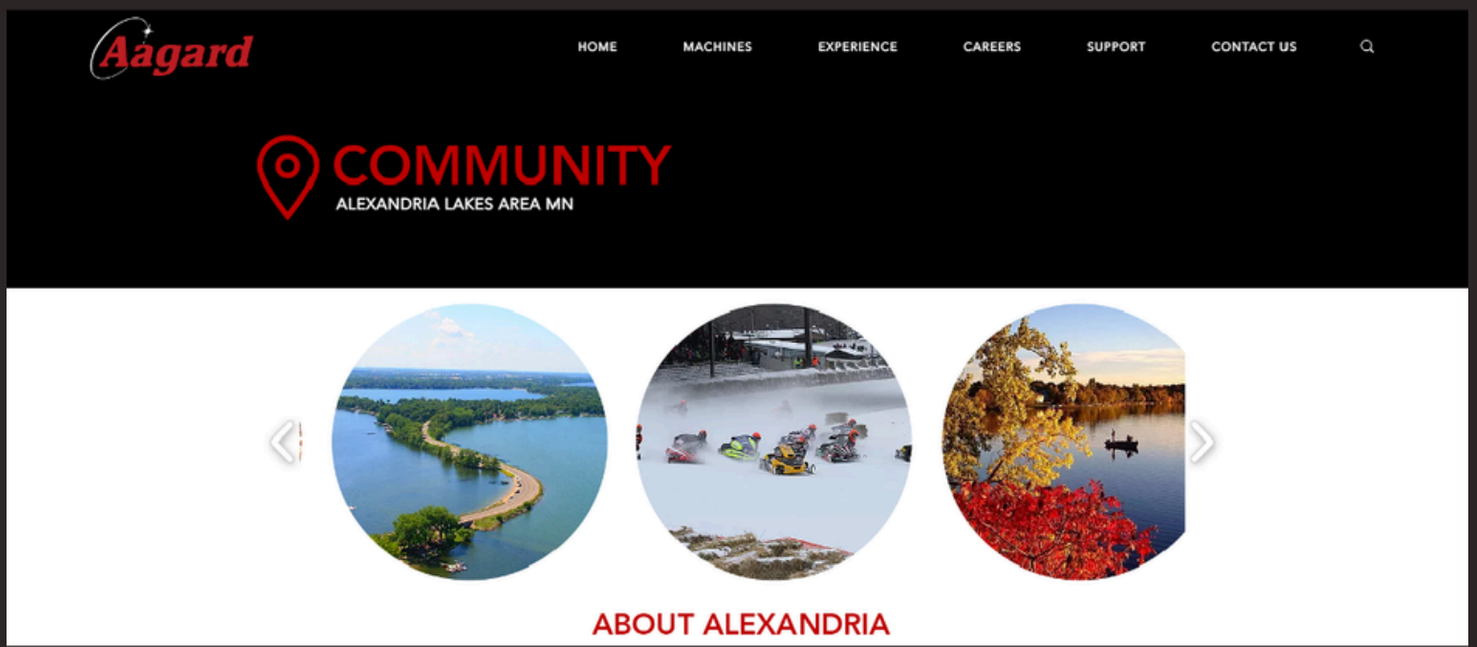

All the energy the solar field has produced for you will be applied to your electric bill as a credit which reduces what you owe to the utility.

Discounted Community Solar Bill

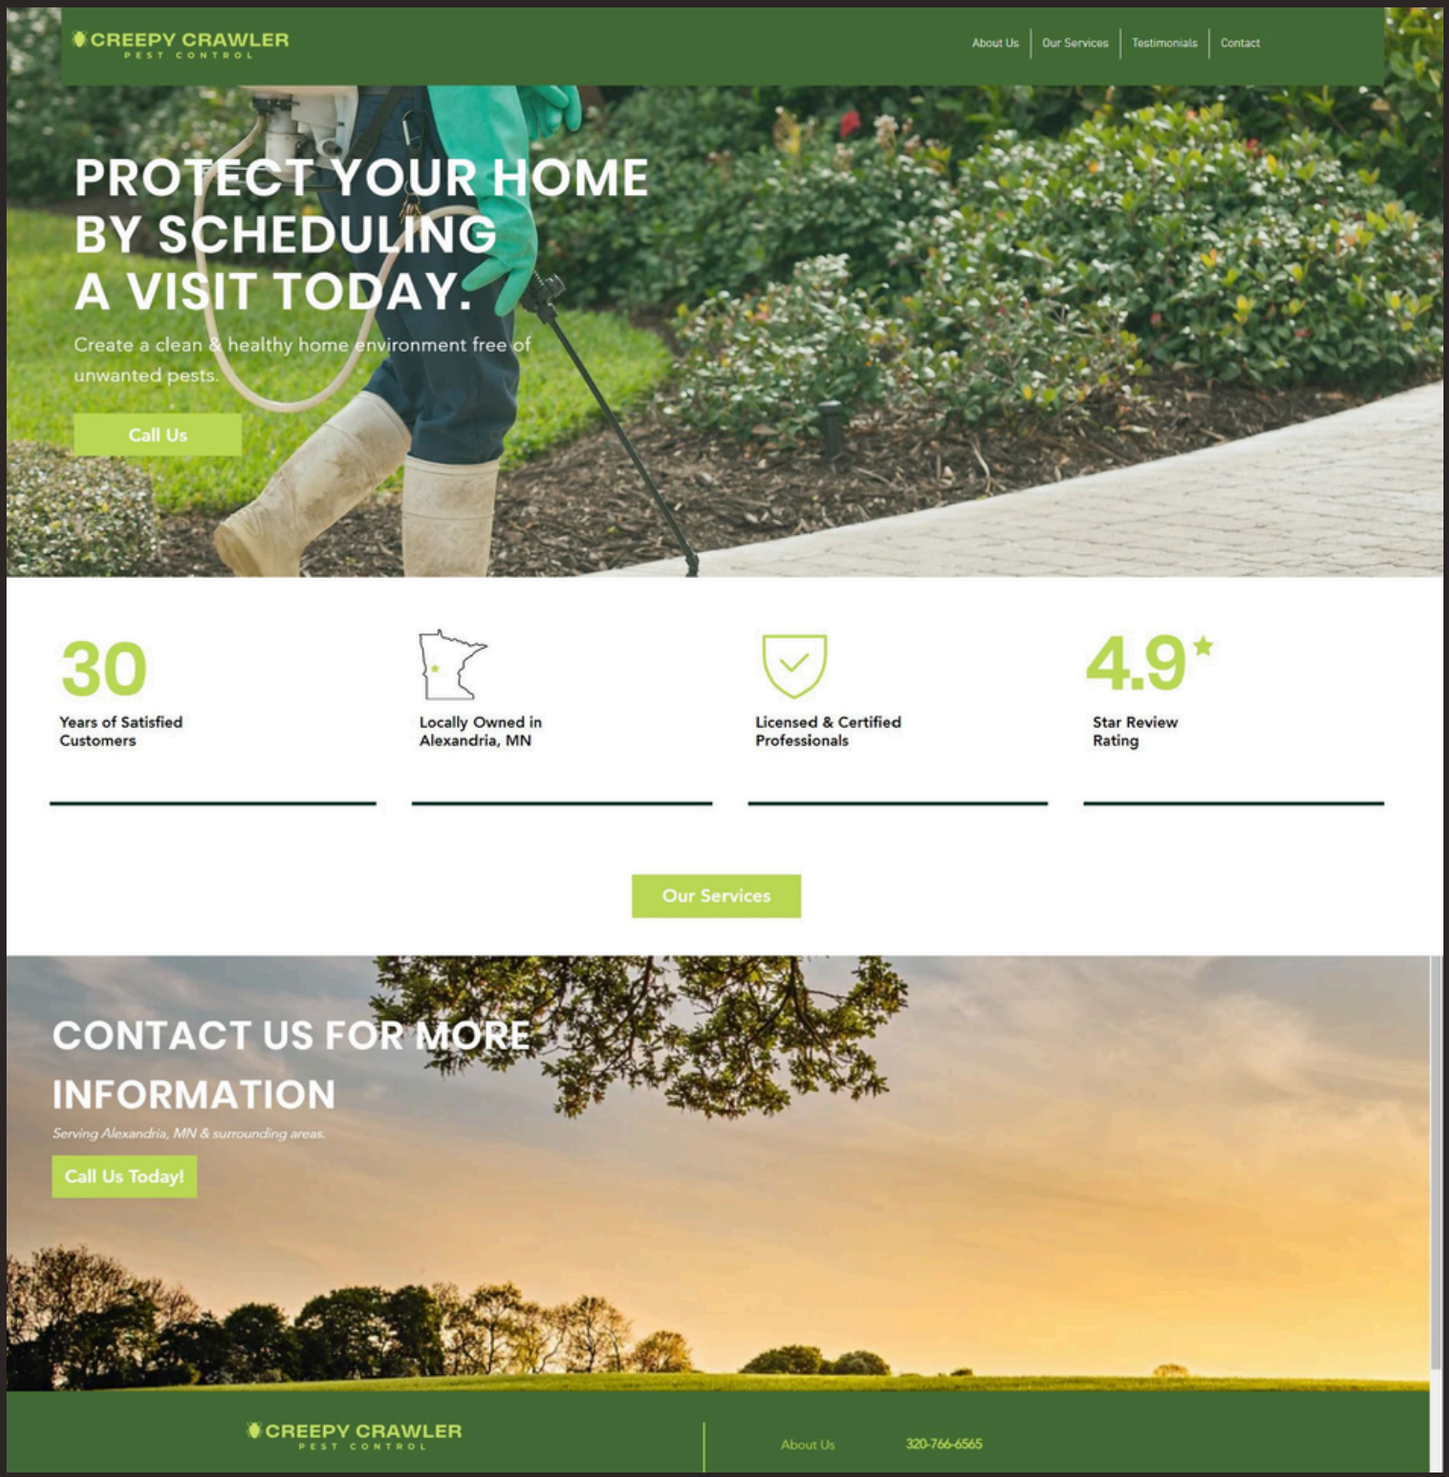

Based on the amount the credit has reduced your electric bill, you will be billed at a 5% fixed savings from the solar field!
