BROCHURE & LOGO CREATION

BUY NOW

@NORTHERNERTRADINGCOMPANY

OUR GOAL

We want you to feel good buying from us. Every order plants a tree. For each purchase we donate 10% of all revenue to the Arbor Day Foundation which allows them to plant more trees on our beautiful earth.

INDULGE

Every order plants a tree.

IN

400 trees planted thanks to you.

NATURE

ABOUT US

Here at Northern, we are more than just a Clothing Company. We truly care about our customers and the Earth. So with every product sold we plant 1 tree in memory of that. So far over 400 Trees have been planted and it is all thanks to you.

PRODUCTS

Our products are locally made:

- Flannels
- Sweatshirts
- T-Shirts
- Crew Necks
- Quarter Zips
- Sherpas

Precision Aerial Application in Southern Minnesota

Reliable coverage with a focus on timing, accuracy, and consistency.

Deeply Rooted in Minnesota Agriculture

What started with a single airplane has grown into a trusted aerial application business serving farmers across southern Minnesota.

At Olsem Aerial, we're proud to be a family-owned operation that values hard work, strong partnerships, and supporting our customers. From working alongside local co-ops to helping growers make the most of every application window, we're committed to supporting agriculture in the communities we call home.

Our Story

Let's Get Your Acres Covered

Whether you're planning ahead or need an application scheduled soon, we're here to help. Reach out to discuss your aerial application needs.

Innovating With Our Mission in Mind

Sustainability is the heart of our mission. Our goal is to leave everything better than we've found it. That includes our planet, our people, and our customers. Whether it's getting involved in community events, educating residents on cleaner energy practices, or saving you money on your electric bills. *The world will be a better place with Royalty Renewables Energy!*

Join thousands of others in transitioning to renewable energy through community solar!

[Get Started >](#)

OUR PROCESS

Solar Field Produces Energy

Our solar field will generate energy on your behalf.

Energy Flows Into Our Grid

The energy is put directly into the same grid you are currently connected to.

Credits Lower Electric Bill

All the energy the solar field has produced for you will be applied to your electric bill as a credit which reduces what you owe to the utility.

Discounted Community Solar Bill

Based on the amount the credit has reduced your electric bill, you will be billed at a 5% fixed savings from the solar field!

A DUST BUSTING COMPANY YOU CAN TRUST.

25 YEARS OF
EXPERIENCE

QUALITY SERVICE

AFFORDABLE
PRICING

Furnace & Duct Cleaning

Our furnace and duct cleaning service can dramatically improve the air quality in your home, make your furnace run more efficiently saving you money, and reduce the amount of dust in your home so you don't have to clean so often.

[LEARN MORE](#)

Dryer Vent Cleaning

Dust Busters will open up the dryer and clean the roller modules, the chute, the barrel, the electronics and then the vents from the dryer all the way out. We make sure that the vent is intact and we have the right tools to go through any plastic or metal tubing.

[LEARN MORE](#)

Chimney Cleaning

Dust Busters uses a hard brush to fully clean your chimney all the way up and down. Instead of being a round wire brush, there are flat pieces of metal attached to it and they fight each other on the way down the chimney. These metal pieces are bouncing back and forth scrubbing the chimney walls.

[LEARN MORE](#)

Refrigerator Coil Cleaning

We have the tools to do a very thorough job of cleaning your refrigerator. We don't clean the inside of the fridge, just the coils that must be kept clean to keep the fridge running efficiently. This results in less energy usage and can reduce expenses on keeping your refrigerator running.

[LEARN MORE](#)

Air Exchanger Cleaning

Air Exchanger Cleaning is important to keep your air exchanger running smoothly and efficiently. Over time the exchanger can build up with dirt and dust. This not only makes it less efficient but unhealthy. We can clean your air exchanger with our special tools that are made for the job.

[LEARN MORE](#)

Remove Insulation from Attic

Attic insulation removal requires similar tools to duct cleaning, so we are always prepared and ready to handle most any attic insulation removal job.
